Subject: Montana Pole Community Involvement Plan
MPTPCCommunity Involvement Plan 2017.pdf

Dave and Bill-

Attached is the Montana Pole Community Involvement Plan. It has been sent to all of those that participated in interviews as well. The feedback received has already helped DEQ in its approach to community involvement, and this CIP will serve as a framework for how we continue to do so. Please pass it on to the rest of group. While this is "final," should we have missed anything we would be happy to consider changes. It is also important to remember this is a guideline. It does not keep us from doing other things and we are always welcome to suggestions and feedback.

Neither David nor I will be able to attend this week's meeting as we will be in Libby (unless the weather prevents us from going). However, I will try to be at the March meeting.
